

# ZCP Generator Sets Specification

## L6230ZLD

Bore 225 mm, Stroke 290 mm

| Main Data                              |                    |            |            |                   |
|----------------------------------------|--------------------|------------|------------|-------------------|
| Speed                                  | 750 rpm            |            | 720 rpm    |                   |
| Frequency                              | 50 Hz              |            | 60 Hz      |                   |
| Model                                  | Genset. kW         | Engine. kW | Genset. kW | Engine. kW        |
| 750GF                                  | 750                | 809        | -          | -                 |
| 600GF                                  | 600                | 662        | 600        | 662               |
| Based on alternator efficiency of 95%. |                    |            |            |                   |
| Specific Consumption                   |                    |            |            |                   |
| 100% Load                              |                    | Unit       |            |                   |
| Fuel Oil Consumption                   |                    | g/kWh      | 190        |                   |
| Lube oil consumption                   |                    | g/kWh      | 0.7        |                   |
| Dimensions & Weight                    |                    |            |            |                   |
| Cyl. No.                               | Dimensions (mm) 1) |            |            | Dry Mass (ton) 2) |
|                                        | L                  | B          | H          | Genset 1), 3)     |
| 6                                      | 5,360              | 1,675      | 2704       | 16                |

### Remarks:

- 1) Depending on alternator.
- 2) Weight included a standard alternator (Maker: ZCP).
- 3) With common base frame & alternator.
- 4) This size is only for reference. The actual size is subject to the size defined in the agreement of the specific project.
